1:45 PM– 2:00 PM	BREAK
2:00 PM– 3:30 PM	Fatal Fat: Managing Adiposity in Diabetes <i>Christine Kessler RN, MN, ANP, CNS, BC-ADM</i>
3:30 PM– 4:00 PM	Evaluation/Distribution of Certificates

PURPOSE

KADE is committed to provide education about the newest advances in diabetic care and education. This year's symposium covers topics that address unique challenges created by increasing rates of obesity and diabetes.

How does the metabolism of visceral fat affect diabetes care? How can extreme insulin resistance be overcome? How can we best help our diabetic patients who develop CKD? What factors need to be considered when developing hospital policies regarding the inpatient use of insulin pumps? These questions drive the objectives of this year's Symposium. We hope to see you there!

PROGRAM OBJECTIVES

At the end of the program, each attendee will be able to:

- Describe concerns for inpatients managed with subcutaneous insulin pumps.
- Describe the role of the diabetes educator in educating staff on the hospital wide implementation of an insulin pump policy.
- Understand U-500 Human Regular Insulin; attain a basic understanding of its pharmacokinetics, storage, availability, and cost.
- Convert a patient from U-100 to U-500 insulin therapy
- Review the variations in diabetes management along the 5 stages of chronic kidney disease.
- Discuss the challenges of diabetes self-care with declining kidney function.
- Describe various pathological conditions associated with fat and selected adipokines.
- Discuss current trends and etiologic factors in our nation's obesity epidemic and current trends in treatment.

Refer to www.kadenet.org for a comprehensive listing of program objectives.

SPEAKERS

Christine Kessler, RN, MN, ANP, CNS, BC-ADM – Walter Reed Army Medical Center, Washington, DC.

Joanne Dintzis, RN, MSN, CRNP, CDE.– Johns Hopkins Hospital, Baltimore, MD.

Kathryn McDougall RN, MS, CDE.– Director, Quality Initiatives Fresenius Medical Care.

Elaine Cochran, MSN, RN, CPNP, BC-ADM. NIH/NIDDK/CEB, Bethesda, MD.

CONTINUING EDUCATION CREDIT

Refer to www.kadenet.org
for CE updates

Nurses: The American Association of Diabetes Educators is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Pharmacists: The American Association of Diabetes Educators is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Dietitians: The Commission on Dietetic Registration (CDR) is the approver of Continuing Professional Education (CPE) for registered dietitians. KADE plans to submit a Continuing Education Prior Approval Request for CPEUs to CDR.

Approval of this educational offering by AADE & CDR does not imply endorsement of specific therapies, treatments, or products discussed in the presentations.

KADE is the Kentucky Bluegrass/Eastern Chapter of the American Association of Diabetes Educators.
